INSURANCE BENEFITS AND COVERAGE

It is our desire to help maximize your insurance benefits and file your insurance claim on your behalf. But, please realize the benefits quoted by your insurance company are not a guarantee of payment, therefore **your portion is only an estimate** based on information from your insurance company. Keep in mind you are fully responsible for all fees charged regardless of your insurance coverage.

The remaining balance will be due within 30 days after insurance payment has been received or 90 days from the procedure date (whichever comes first). If collection action needs to be taken, an additional assessment of 43% of the balance will be accrued to cover collection fees.

Thank you for your understanding of our financial policy.
